AND ESTABLISHING PROCEDURES FOR UTILITY DISTRICTS TO MAKE
CAPITAL CONTRIBUTIONS
(BOND ISSUE NO. 3, SERIES 2008)**

THE STATE OF TEXAS §

COUNTY OF HARRIS §

NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY §

WHEREAS, the North Harris County Regional Water Authority (the "Authority") is a governmental agency and body politic and corporate of the State of Texas organized and operating pursuant to the provisions of Chapter 1029 (H.B. 2965), Acts of the 76th Texas Legislature 1999, amended by Chapter 1296 (H.B. 1110), Acts of the 77th Texas Legislature 2001, amended by Chapter 381 (S.B. 1725) and Chapter 248 (H.B. 1541), Acts of the 78th Texas Legislature 2003 and amended by Senate Bill 331, Acts of the 79th Texas Legislature 2005 (collectively referred to as the "Act"), to accomplish the purposes provided by Section 59, Article XVI, Texas Constitution;

WHEREAS, the purposes of the Authority include preparation of a Groundwater Reduction Plan (the "GRP") for the purpose of converting a portion of the area within the Authority from groundwater to surface water;

WHEREAS, all Water Utilities within the Authority are part of the GRP;

WHEREAS, the GRP was approved by the Harris-Galveston Subsidence District (formerly the Harris-Galveston Coastal Subsidence District) (the "Subsidence District") on June 11, 2003;

WHEREAS, upon approval of the GRP by the Subsidence District all Water Utilities within the Authority were in compliance with the 1999 Regulatory Plan (the "1999 Plan") promulgated by the Subsidence District to regulate and reduce the damaging groundwater withdrawals within Harris and Galveston Counties by conversion to surface water;

WHEREAS, by being in compliance with the 1999 Plan, each Water Utility avoids a disincentive fee of \$3.50 per 1,000 gallons of groundwater pumped, which would be imposed by the Subsidence District on each Water Utility without such compliance;

WHEREAS, pursuant to Section 4.09 of the Act and in compliance with the GRP, the Authority intends to complete construction of the 2010 Surface Water Distribution and Transmission System and initiate efforts on the 2020 Surface Water Distribution and Transmission System (collectively, the "System"), and as a part of such System, fund 1) System projects not previously funded; 2) payment of final component of capital cost to City of Houston for 31 MGD allocation and increase allocation to 36 MGD; 3) acquisition of water transmission and distribution system easements and property; 4) interests in additional facilities and land; and

5) any other projects related to the business and purposes of the Authority (collectively, the "Projects");

WHEREAS, funding of the Projects will be financed through the issuance of the Authority's Bond Issue No. 3, Series 2008 (the "Bonds"), in accordance with Article 5 of the Act;

WHEREAS, Section 5.05 of the Act states that, in connection with any bonds authorized, the Authority may adopt a procedure for cooperatively funding the Projects with money from eligible entities inside of the Authority's boundaries (the "Capital Contributions") if the Projects fulfill a governmental purpose of both the Authority and such eligible entities;

WHEREAS, the Board has determined that the Projects are in concert with the purposes of the Authority and the GRP, and that it is in the best interest of the Authority to issue the Bonds to finance the Projects, provide a procedure for eligible entities to make Capital Contributions, adopt the form of Capital Contribution Contract, and take other related actions;

WHEREAS, the Board has determined that eligible entities will benefit from the continued ability to make Capital Contributions; and

WHEREAS, the Board desires to establish these Procedures, as permitted by the Act, in order to facilitate the making of Capital Contributions.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY, THAT:

1. Findings of Fact. The Board of Directors of the Authority hereby finds as follows:

- a. All facts recited in the recitals of this Resolution are true and correct.
- b. The Projects fulfill a governmental purpose of the Authority and the Water Utilities within the Authority, including all utility districts.
- c. All Water Utilities within the Authority, including all utility districts, will be benefited by the Projects.
- d. The Authority and Water Utilities will benefit from the issuance of the Bonds.

2. Definitions. Each of the terms below shall have the meaning assigned to each term, as follows:

"Act" means Chapter 1029 (H.B. 2965), Acts of the 76th Texas Legislature, 1999, creating the Authority, as amended by Chapter 1296 (H.B. 1110), Acts of the 77th Texas Legislature 2001, amended by Chapter 381 (S.B. 1725) and Chapter 248 (H.B. 1541), Acts of the 78th Texas Legislature 2003 and amended by Senate Bill 331, Acts of the 79th Texas Legislature 2005.

"Bonds" means the Authority's Bond Issue No.3, Series 2008, in the approximate amount of \$261,665,000¹, to be issued and delivered in one or more series upon expiration of ninety (90) calendar days following mailing of the Notice Letter, or such later date determined by the Authority, in order to finance Project Costs. The final amount of Bonds issued may be changed by the Authority at any time.

"Capital Contribution" means an amount equal to the product of the Project Costs multiplied by the Contribution Percentage of any Participating District, expressed in dollars, determined by the Authority to be the amount which any Eligible District may elect to contribute by becoming a Participating District, or any lesser amount actually contributed.

"Capital Contribution Contract" means a contract between the Authority and an Eligible District, substantially in the form attached hereto as **Exhibit "A"**, defining the terms under which an Eligible District may make a Capital Contribution.

"Capital Contribution Credit" means an annual amount calculated by the Authority in accordance with the terms of a Capital Contribution Contract.

"Capital Contribution Credit Expiration Date" means the date of the last scheduled maturity or sinking fund redemption date of any of the Bonds, as determined by the Authority on the date of issuance of the Bonds, or such earlier Prepayment Date selected by the Authority.

"Contribution Percentage" means the percentage calculated by the Authority and certified by the Authority engineer to be each Eligible District's pro-rata share of total groundwater production by all Water Utilities during the calendar year 2007, as shown on **Exhibit "B"**.

"Eligible District" means any district created pursuant to Article 16, Chapter 59, Texas Constitution, which, according to the records of the Authority, was an owner of a Non-Exempt Well during the calendar year 2007, is not delinquent in any payment or reporting obligation to the Authority, and has not entered into a Prior Contract and failed to timely pay the Capital Contribution without written approval of the Authority.

"Intent Resolution" means a resolution adopted by the Board of Directors of an Eligible District, substantially in the form attached hereto as **Exhibit "C"**.

"Non-Exempt Well" has the meaning ascribed to it in the Authority's Order Establishing Well Pumpage Fees and Water Importation Fees for the Fourth Quarter of the 2007 Fiscal Year and the First Through the Third Quarters of 2008 Fiscal Year and Adopting Rules and Regulations Concerning Measuring Well Pumpage and Water Importation and Collecting Fees, approved by the Authority on December 4, 2006.

"Notice Letter" means a letter from the Authority to each Eligible District, in compliance with Section 5.05 of the Act, notifying each such district of the Authority's intention

¹ Preliminary, subject to change.

to issue the Bonds and of the option of each such district to make a Capital Contribution as permitted by the Act, a form of which is attached hereto as **Exhibit "D"**. The Notice Letter shall be considered delivered on the third business day after deposit in the U.S. Mail.

"Participating District" means any Eligible District which timely delivers an Intent Resolution, a Capital Contribution Contract, and a Capital Contribution, as required by these Procedures.

"Prepayment Date" shall mean the date selected by the Authority for prepayment of the remaining principal of the Capital Contribution in accordance with Section 3.09 of the Capital Contribution Contract.

"Prior Contract" means any Capital Contribution Contract between the District and the Authority relating to a previous bond issue of the Authority.

"Procedures" means the steps established by this Resolution to enable the payment of Capital Contributions by Eligible Districts, as permitted by the Act.

"Project Costs" means the aggregate amount of capital contributions by the Authority for existing facilities or facilities to be constructed by any other entity on behalf of the Authority; the cost of construction, engineering, site acquisition, right-of-way acquisition, construction management, and any other cost related to any facility to be constructed by the Authority; the principal of, interest on and costs associated with any bond anticipation note issued by the Authority for any such costs; and any other cost reasonably considered Project Costs by the Authority; all of which costs are to be funded by the Authority from the proceeds of the Bonds, currently estimated by the Authority to be \$224,500,000.

"Pumpage Fee" means the fee levied by the Authority from time to time on the production or importation of water for operations and maintenance and/or debt service, including debt service on the Bonds, and payable by each Water Utility on a periodic basis pursuant to a separate order of the Authority setting such fees.

"Water Utility" means any person or entity which owns a Non-Exempt Well, including any district created pursuant to Article 16, Section 59, Texas Constitution.

3. Notice of Intent to Issue Bonds. On or before the 90th day preceding the projected delivery of the Bonds, the Authority shall deliver a Notice Letter to each Eligible District. The form of the Notice Letter attached hereto as **Exhibit "D"** is hereby approved by the Board.

4. Capital Contribution Procedure. Any Eligible District which determines that it is in the best interest of such district to make a Capital Contribution may do so upon completion of the following:

a. On or before June 30, 2008, deliver to the Authority a certified copy of an Intent Resolution;

b. On or before July 31, 2008, deliver to the Authority a fully executed Capital Contribution Contract; and

c. On or before October 1, 2008, deposit with the Authority an amount equal to the Capital Contribution required in the Capital Contribution Contract.

A Capital Contribution Contract shall not be effective until approved and executed by the Authority.

5. Time of Performance. In the event an Eligible District fails to timely deliver an Intent Resolution, a Capital Contribution Contract or a Capital Contribution as required by Sections 4(a), 4(b) and 4(c), above, the right of an Eligible District to make a Capital Contribution shall cease, any funds not timely deposited shall be returned to the district, and the Authority shall have no obligation to such district with respect to the Capital Contribution or any Capital Contribution Credit. Thereafter, the Authority shall be entitled to issue the Bonds to finance any Project Costs which could have been paid or contributed by such district by any method.

6. Application of Capital Contribution Credit. The Authority shall calculate, in the manner required by the terms of a Capital Contribution Contract, the Capital Contribution Credit for each Participating District, and, commencing with the first quarterly payment after issuance of the Bonds, or such other date as determined by the Authority, and terminating on the Capital Contribution Credit Expiration Date, credit or pay, as may be determined by the Authority at the time of issuance of the Bonds, to each Participating District an amount equal to the Capital Contribution Credit.

7. Changes in Bond Delivery Date. The Authority reserves the right to delay or accelerate delivery of all or any portion of the Bonds due to market conditions, changes in the need for funds, the amount of Capital Contributions received, or any other reason, provided, however, the Authority shall not accelerate issuance of the Bonds to a date prior to the 90th day following the date of the Notice Letter.

8. Bond Anticipation Notes. The Authority reserves the right to issue one or more bond anticipation notes or other credit agreement or credit facility at any time prior to the issuance of the Bonds to facilitate the Authority's financing plan, the principal of, interest on and costs of which will be considered Project Costs.

9. Amendments.

a. These Procedures may be altered, amended or repealed and new Procedures may be adopted by a majority of the directors present at any regular meeting or at any special meeting.

b. The forms of the Notice Letter, Intent Resolution and Capital Contribution Contract may be changed by the General Manager in order to accomplish the purposes of this Resolution.

10. Effective Date. These Procedures shall be effective from and after the date of their approval by the Board.

APPROVED and ADOPTED this 5th day of May, 2008.

COUNTY OF HARRIS §

THIS CAPITAL CONTRIBUTION CONTRACT (the "Contract") is made and entered into as of _____, 2008, by and between the NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY (the "Authority"), a governmental agency and body politic and corporate of the State of Texas organized and operating pursuant to the provisions of Chapter 1029 (H.B. 2965), Acts of the 76th Texas Legislature 1999, amended by Chapter 1296 (H.B. 1110), Acts of the 77th Texas Legislature 2001, amended by Chapter 381 (S.B. 1725) and Chapter 248 (H.B. 1541), Acts of the 78th Texas Legislature 2003 and amended by Senate Bill 331, Acts of the 79th Texas Legislature 2005 (collectively referred to as the "Act"), to accomplish the purposes provided by Section 59, Article XVI, Texas Constitution, and «DISTRICT» (the "District"), a political subdivision of the State of Texas organized under Article 16, Section 59 of the Constitution of the State of Texas, and operating pursuant to Chapters 49 and 54, Texas Water Code, as amended.

WITNESSETH:

WHEREAS, the Authority has been created and organized for the purposes, among others, of reducing groundwater withdrawals by acquiring or developing surface water and groundwater supplies from sources inside or outside the boundaries of the Authority and conserving, storing, transporting, treating, purifying, distributing, selling, and delivering water on a wholesale basis to persons, corporations, municipal corporations, political subdivisions of the state, and others, inside and outside the boundaries of the Authority;

WHEREAS, the District has been created and organized for the purposes, among others, of providing potable water to its customers inside and outside the boundaries of the District;

WHEREAS, the Authority and the District are subject to the 1999 Regulatory Plan (the "Plan") promulgated by the Harris-Galveston Subsidence District (formerly, the Harris-Galveston Coastal Subsidence District) (the "Subsidence District") requiring preparation of a Groundwater Reduction Plan ("GRP") and conversion to surface water pursuant to the Plan in lieu of significant penalties;

WHEREAS, the Authority has prepared a GRP on behalf of the Water Utilities, which was approved by the Subsidence District on June 11, 2003;

WHEREAS, pursuant to Section 4.09 of the Act and in compliance with the GRP, the Authority intends to complete construction of the 2010 Surface Water Distribution and Transmission System and initiate efforts on the 2020 Surface Water Distribution and Transmission System (collectively, the "System"), and as a part of such System, fund 1) System projects not previously funded; 2) payment of final component of capital cost to City of Houston for 31 MGD allocation and increase allocation to 36 MGD; 3) acquisition of water transmission and distribution system easements and property; 4) interests in additional facilities and land; and 5) any other projects related to the business and purposes of the Authority (collectively, the "Projects");

WHEREAS, the Authority intends to issue the Bonds to pay for the Project Costs of the Projects;

WHEREAS, the Authority is permitted by Section 5.05 of the Act to adopt Procedures to provide for cooperative funding of certain capital projects with certain entities;

WHEREAS, the Authority adopted the Procedures on May 5, 2008;

WHEREAS, the District is an Eligible District which is entitled to make a Capital Contribution pursuant to the Procedures; and

WHEREAS, the District delivers this Contract to the Authority to evidence its obligation to make a Capital Contribution provided by the Procedures.

A G R E E M E N T

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged by all parties hereto, the parties hereto agree as follows:

I. DEFINITIONS

1.01 **Definitions.** Each of the terms below shall have the meaning assigned to each term, as follows:

"Act" means Chapter 1029 (H.B. 2965), Acts of the 76th Texas Legislature, 1999, creating the Authority, as amended by Chapter 1296 (H.B. 1110), Acts of the 77th Texas Legislature 2001, amended by Chapter 381 (S.B. 1725) and Chapter 248 (H.B. 1541), Acts of the 78th Texas Legislature 2003 and amended by Senate Bill 331, Acts of the 79th Texas Legislature 2005.

"Bonds" means the Authority's Bond Issue No. 3, Series 2008, in the approximate amount of \$261,665,000, to be issued and delivered in one or more series upon expiration of ninety (90) calendar days following mailing of the Notice Letter, or such later date determined by the Authority, in order to finance Project Costs. The final amount of Bonds issued may be changed by the Authority at any time.

"Capital Contribution" means an amount equal to the amount actually paid to the Authority pursuant to this Contract, provided however, that the Capital Contribution shall not exceed the Maximum Capital Contribution.

"Capital Contribution Credit" means, either (a) an annual amount calculated by the Authority, equal to the Capital Contribution amortized over the life of the Bonds, with a maturity schedule similar to that of the Bonds, and at the true interest cost of the Bonds, as determined by the Authority, to be paid or credited to the District at the times and in the manner determined by Section 3.08 hereof, or (b) in the event (i) the District has delivered the notice permitted by Section 3.13 hereof, and (ii) the District thereafter provides written notice to the Authority to the effect that the District's bond counsel or the Internal Revenue Service has determined that this Contract constitutes "investment property" within the meaning of section 148 of the Internal Revenue Code of 1986, as amended (the "Code"), together with a calculation from the bond counsel or financial advisor of the District stating the Yield on the District Bonds, the Capital Contribution Credit shall thereafter be limited to an amount equal to the lesser of either (x) the amount calculated in subparagraph (a), above, or (y) an annual amount calculated by the Authority equal to the Capital Contribution amortized over the life of the Bonds, at a maturity schedule similar to that of the Bonds, and at the Yield of the District Bonds to be paid or credited to the District at the times and in the manner determined by the Authority pursuant to Section 3.07.

"Capital Contribution Credit Expiration Date" means the date of the last scheduled maturity or sinking fund redemption date of any of the Bonds, as determined by the Authority on the date of issuance of the Bonds, or such earlier Prepayment Date selected by the Authority.

"Contribution Percentage" means the percentage calculated by the Authority and certified by the Authority engineer to be the District's pro-rata share of total groundwater production by all Water Utilities during the calendar year 2007, as specifically shown on Exhibit "A".

"District Bonds" means District Funds obtained as a result of the issuance of tax-exempt bonds by the District.

"District Funds" means cash on hand, proceeds of bond anticipation notes, proceeds of bonds or proceeds of other financing selected by the District pay its Capital Contribution.

"Eligible District" means any district created pursuant to Article 16, Chapter 59, Texas Constitution, which, according to the records of the Authority, was an owner of a Non-Exempt Well during the calendar year 2007, is not delinquent in any payment or reporting obligation to the Authority, and has not entered into a Prior Contract and failed to timely pay the Capital Contribution without written approval of the Authority.

"Intent Resolution" means the resolution adopted by the Board of Directors of the District evidencing the intent of the District to make a Capital Contribution, and delivered to the Authority on or before June 30, 2008.

"Maximum Capital Contribution" means an amount equal to the product of the Project Costs multiplied by the Contribution Percentage of the District, expressed in dollars, determined

by the Authority to be the amount which the District may contribute by becoming a Participating District, as specifically shown on **Exhibit "A"**.

"Non-Exempt Well" has the meaning ascribed to it in the Authority's Order Establishing Well Pumpage Fees and Water Importation Fees for the Fourth Quarter of the 2007 Fiscal Year and the First Through the Third Quarters of 2008 Fiscal Year and Adopting Rules and Regulations Concerning Measuring Well Pumpage and Water Importation and Collecting Fees, approved by the Authority on December 4, 2006.

"Participating District" means any Eligible District which timely delivers an Intent Resolution, a Capital Contribution Contract, and a Capital Contribution, as required by the Procedures.

"Prepayment Date" shall mean the date selected by the Authority for prepayment of the remaining principal of the Capital Contribution in accordance with Section 3.09 of this Contract.

"Prior Contract" means any Capital Contribution Contract between the District and the Authority relating to a previous bond issue of the Authority.

"Procedures" means the steps established by the Authority by resolution dated May 5, 2008 to enable the payment of Capital Contributions by Eligible Districts, as permitted by the Act.

"Project Costs" means the aggregate amount of capital contributions by the Authority for existing facilities or facilities to be constructed by any other entity on behalf of the Authority; the cost of construction, engineering, site acquisition, right-of-way acquisition, construction management, and any other cost related to any facility to be constructed by the Authority; the principal of, interest on and costs associated with any anticipation note issued by the Authority for any such costs; and any other cost reasonably considered Project Costs by the Authority; all of which costs are to be funded by the Authority from the proceeds of the Bonds, in the estimated amount shown on **Exhibit "A"**.

"Pumpage Fee" means the fee levied by the Authority from time to time on the production or importation of water for operations and maintenance and/or debt service, including debt service on the Bonds, and payable by each Water Utility on a periodic basis pursuant to a separate order of the Authority setting such fees.

"Water Utility" means any person or entity which owns a Non-Exempt Well, including any district created pursuant to Article 16, Section 59, Texas Constitution.

"Yield" means, with respect to the District Bonds, yield as calculated as set forth in Section 148(b) of the Internal Revenue Code and in Regulation Section 1.148-4 (with respect to such bonds) and Section 1.148-5 (with respect to investments), as calculated on behalf of the District and certified to the Authority in writing as permitted in the definition of Capital Contribution Credit.

II. REPRESENTATIONS, WARRANTIES AND COVENANTS

2.01 The Authority. The Authority represents and warrants that:

- (a) The Authority intends to issue the Bonds for the purpose of financing the Projects; and
- (b) The Authority shall spend the District's Capital Contribution solely for Project Costs, and for no other purpose.

2.02 The District. The District represents and warrants that:

- (a) The District is an Eligible District; and
- (b) The District has taken and will continue to take all steps required to have District Funds on hand on or before October 1, 2008 in an amount equal to the Capital Contribution.

III. DUTIES AND OBLIGATIONS OF THE PARTIES

3.01 Issuance of Bonds. The Authority shall take any and all steps to issue the Bonds and construct the Projects.

3.02 District Funds. The District shall:

- (a) deliver four (4) fully executed Contracts to the Authority or its counsel on or before July 31, 2008; and
- (b) pay the Capital Contribution in the time and manner required by Section 3.06.

3.03 Changes in Project Costs. In the event the amount of the Project Costs changes for any reason, the Authority shall deliver, within 10 days of such decision, a written notice of the change to the District, which notice shall include a revised description of the Project Costs, the reason for the change, a revised sources and uses of the Authority's Bonds, and a revised **Exhibit "A"**, which shall replace **Exhibit "A"** attached hereto, and shall be effective to change the amount of the District's Capital Contribution in proportion to the change in the amount of Project Costs, without any further action by either party, provided, however, any change which increases the District's Capital Contribution by an amount equal to more than 10% from the original Capital Contribution, based on Project Costs of \$224,500,000, shall entitle the District, by written notice delivered to the Authority within 15 calendar days after receipt of notice of such increase, to make less than the Maximum Capital Contribution pursuant to Section 3.05 of this Contract.

3.04 Election to Not Make Capital Contribution. In the event the District is unable or decides not to make a Capital Contribution, it will immediately notify the Authority in writing. Any failure to notify the Authority of such an event or any such notification received by the Authority after August 20, 2008 shall be considered a default under this Contract, which may

cause the District to not be eligible to make a Capital Contribution in subsequent Authority bond issues. In such event, the Authority shall issue Bonds for Project Costs represented by the amount of the Capital Contribution, and the parties shall have no further obligation to each other with respect to this Contract and the District shall not be entitled to a Capital Contribution Credit. In such event, the District shall pay the Pumpage Fee levied by the Authority without the benefit of a Capital Contribution Credit.

3.05 Election to Make Capital Contribution Less than Maximum. The District shall notify the Authority in writing in the event the District determines to make a Capital Contribution for an amount less than the Maximum Capital Contribution. The District's right to make this election shall cease on August 20, 2008, provided, however, in the event the Authority has delivered a notice pursuant to Section 3.03 hereof, the time for response to such notice under Section 3.03 shall govern.

3.06 Time and Methods of Payment. On or before October 1, 2008, the District shall pay to the Authority an amount equal to the Capital Contribution, by cashier's check delivered to the office of the Authority before 12:00 p.m. on the due date, or by wire transfer on the due date, as follows:

To: North Harris County Regional Water Authority
Tex Pool Account
c/o State Street Bank and Trust Company

Amount: \$ _____
Attention: Tex Pool #67573774
Location ID: 78661
Pool Number : 449
Account No.: _____
ABA Number: 011000028

3.07 Late Payment. In the event the Capital Contribution is not timely received for any reason, the Authority may, in its sole discretion, return such payment to the District, if received, less any expenses incurred in the return, and may proceed to issue the Bonds of the Authority for Project Costs represented by the delinquent or returned Capital Contribution. Any late payment without prior approval of the Authority shall be considered a default under this Contract, which may cause the District to not be eligible to make a Capital Contribution in subsequent Authority bond issues. Upon return of any Capital Contribution made late, less expenses, the parties shall have no further obligation to each other with respect to this Contract. In such event, the District shall pay the Pumpage Fee levied by the Authority without the benefit of a Capital Contribution Credit.

3.08 Capital Contribution Credit. If the District timely makes a Capital Contribution, the District shall be entitled to the Capital Contribution Credit commencing with the first full quarterly Pumpage Fee payment due after the issuance of the Bonds and terminating with the first Pumpage Fee payment due following the Capital Contribution Credit Expiration Date. After the issuance of the Bonds, the Authority shall calculate and deliver to the District a notice stating the amount of the Capital Contribution Credit. An amount equal to the Capital Contribution

Credit shall be: first, credited against the District's Pumpage Fee, if any; second, credited against any amounts due to the Authority for water purchases or any other reason, and third, paid to the District by the Authority, each in installments as payments are due, not less frequently than annually.

3.09 Prepayment of Capital Contribution Credit. On any date after **[First Optional Redemption Date for Bonds]**, the Authority may, but shall not be obligated to, prepay, without premium or penalty, all or any portion of the remaining principal of the Capital Contribution Credit, after thirty (30) days written notice to the District. Interest shall accrue pursuant to this Contract until any Prepayment Date.

3.10 Continuation of Obligations. As a material part of the consideration inducing the Authority to enter into this Contract, the District irrevocably covenants and agrees, that, until the later of (a) the Capital Contribution Credit Expiration Date or (b) the date on which the Authority no longer has any debt outstanding which is supported by a fee, charge or assessment levied by the Authority, including a Pumpage Fee or any maintenance and operating expenses for facilities for delivery of water to customers of the Authority, the District shall remain subject to all orders, rules and regulations of the Authority, including, but not limited to the Authority Order Establishing Well Pumpage Fees and Water Importation Fees, as it may be amended from time to time, and the GRP, as it may be established and amended from time to time. This covenant shall be binding on the District, its successors and assigns.

3.11 Acceleration or Delay in Issuance of the Bonds. The Authority reserves the right to accelerate or delay issuance of all or part of the Bonds and apply the District's Capital Contribution and the Capital Contributions of other Participating Districts to the Project Costs in any order.

3.12 Surplus Capital Contributions. To the extent that the capital costs of the Projects are less than Project Costs, the Authority may, in its sole discretion, select additional capital expenditures to be defined as Project Costs and utilize any remaining Capital Contribution for such items. Under no circumstances shall the Capital Contribution be used for the Authority administrative or maintenance and operations expenses.

3.13 Covenant Related to Tax-Exemption. In the event District Funds used to pay the Capital Contribution consist of proceeds of District Bonds, and the Authority is given written notice of that fact at the time of delivery of the Capital Contribution, the Authority shall not use District Funds in a manner which will adversely affect the treatment of the tax-exempt obligations issued by the District as obligations described in Section 103 of the Code. The parties agree that the Projects are an appropriate expenditure for proceeds of District Bonds, and that the expenditure of such District Funds for the Projects will not adversely affect the treatment of the District Bonds as obligations (as described in Section 103 of the Code, as amended) exempt from federal income taxation.

IV. MISCELLANEOUS PROVISIONS

4.01 Venue. This Contract shall be construed under and in accordance with the laws of the State of Texas. All obligations of the parties created hereunder are performable in Harris

County, Texas. The parties irrevocably agree that any legal proceedings in respect of this Contract or the Property shall be brought in the District Courts of Harris County, Texas or in the United States District Court for the Southern District of Texas, Southern Division.

4.02 Binding Effect. This Contract shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, executors, administrators, legal representatives, successors, and permitted assigns.

4.03 Severance. In case any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Contract shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

4.04 Sole Agreement. This Contract constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties respecting the subject matter hereof and cannot be changed except by their written consent.

4.05 Time of Essence. Time is of the essence with this Contract.

4.06 Construction. The parties hereto acknowledge that the parties and their respective counsel have each reviewed this Contract, and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Contract or any amendments or exhibits hereto.

4.07 Holidays. Whenever any determination is to be made or action to be taken on a date specified in this Contract, if such date shall fall upon a Saturday, Sunday or holiday observed by banking institutions in the State of Texas, the date for such determination or action shall be extended to the first business day immediately thereafter.

4.08 Additional Documents. Each party will, whenever and as often as it shall be requested so to do by the other, cause to be executed, acknowledged or delivered any and all such further instruments, documents and information as may be necessary or proper, in the reasonable opinion of the requesting party, in order to carry out the intent and purpose of this Contract.

4.09 Notice. All written notices required or permitted to be given under this Contract from one party to the other shall be deemed given by the deposit in a United States Postal Service mailbox or receptacle of certified or registered mail, with proper postage affixed thereto, addressed to the respective other party at the address set forth below or at such other address as the parties respectively shall designate by written notice. Written notice to the addressees below if by delivery shall be deemed given upon delivery and if by facsimile, delivery shall be deemed given upon confirmation of transmission to the facsimile numbers below, followed by delivery by any other permitted method.

RESOLUTION OF INTENT TO MAKE CAPITAL CONTRIBUTION
IN LIEU OF PARTICIPATING IN BONDS ISSUED BY
NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY
(Bond Issue No. 3, Series 2008)

THE STATE OF TEXAS §

COUNTY OF HARRIS §

_____ DISTRICT §

WHEREAS, _____ (the "District") is a political subdivision of the State of Texas organized under Article 16, Section 59 of the Constitution of the State of Texas, and operating pursuant to Chapters 49 and 54, Texas Water Code, as amended;

WHEREAS, the District is located within the boundaries of the North Harris County Regional Water Authority (the "Authority");

WHEREAS, the District has received a Notice Letter from the Authority stating that the Authority intends to issue Bonds to finance various Project Costs and that the District has the option to make a Capital Contribution and receive a Capital Contribution Credit;

WHEREAS, the District is in the process of consulting with its attorneys, accountants and financial advisors and is carefully considering whether it is in the best interest of and will be a benefit to the District and its customers, and whether it will be feasible for the District to make a Capital Contribution;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE _____ DISTRICT, THAT:

1. Definitions. Each of the terms below shall have the meaning this Intent Resolution assigned to each term, as follows:

"Act" means Chapter 1029 (H.B. 2965), Acts of the 76th Texas Legislature, 1999, creating the Authority, as amended by Chapter 1296 (H.B. 1110), Acts of the 77th Texas Legislature 2001, amended by Chapter 381 (S.B. 1725) and Chapter 248 (H.B. 1541), Acts of the 78th Texas Legislature 2003 and amended by Senate Bill 331, Acts of the 79th Texas Legislature 2005.

"Bonds" means the Authority's Bond Issue No. 3, Series 2008, in the approximate amount of \$261,665,000, to be issued and delivered in one or more series upon expiration of ninety (90) calendar days following mailing of the Notice Letter, or such later date

determined by the Authority, in order to finance Project Costs. The final amount of Bonds issued may be changed by the Authority at any time.

"Capital Contribution" means an amount equal to the product of the Project Costs multiplied by the Contribution Percentage of any Participating District, expressed in dollars, determined by the Authority to be the amount which any Eligible District may elect to contribute by becoming a Participating District, or any lesser amount actually contributed.

"Capital Contribution Contract" means a contract between the Authority and an Eligible District, substantially in the form promulgated by the Authority and reviewed and approved by the District, defining the terms under which an Eligible District may make a Capital Contribution.

"Capital Contribution Credit" means an annual amount calculated by the Authority in accordance with the terms of a Capital Contribution Contract.

"Contribution Percentage" means the percentage calculated by the Authority and certified by the Authority's Program Manager to be each Eligible District's pro-rata share of total groundwater production by all Water Utilities during the calendar year 2007.

"Eligible District" means any district created pursuant to Article 16, Chapter 59, Texas Constitution, which, according to the records of the Authority, was an owner of a Non-Exempt Well during the calendar year 2007, is not delinquent in any payment or reporting obligation to the Authority, and has not entered into a Prior Contract and failed to timely pay the Capital Contribution without written approval of the Authority.

"Intent Resolution" means this resolution.

"Non-Exempt Well" has the meaning ascribed to it in the Authority's Order Establishing Well Pumpage Fees and Water Importation Fees for the Fourth Quarter of the 2007 Fiscal Year and the First Through the Third Quarters of 2008 Fiscal Year and Adopting Rules and Regulations Concerning Measuring Well Pumpage and Water Importation and Collecting Fees, approved by the Authority on December 4, 2006.

"Notice Letter" means the letter delivered by the Authority to the District, notifying the District of the Authority's intention to issue the Bonds and of the option of the District to make a Capital Contribution as permitted by the Act.

"Participating District" means any Eligible District which timely delivers an Intent Resolution, a Capital Contribution Contract, and a Capital Contribution, as required by the Procedures.

"Prior Contract" means any Capital Contribution Contract between the District and the Authority relating to a previous bond issue of the Authority.

"Procedures" means the steps established by the Authority by resolution dated May 5, 2008 to enable the payment of Capital Contributions by Eligible Districts, as permitted by the Act.

"**Project Costs**" means the aggregate amount of capital contributions by the Authority for existing facilities or facilities to be constructed by any other entity on behalf of the Authority; the cost of construction, engineering, site acquisition, right-of-way acquisition, construction management, and any other cost related to any facility to be constructed by the Authority; the principal of, interest on and costs associated with any anticipation note issued by the Authority for any such costs; and any other cost reasonably considered Project Costs by the Authority; all of which costs are to be funded by the Authority from the proceeds of the Bonds, currently estimated by the Authority to be \$224,500,000.

"**Water Utility**" means any person or entity which owns a Non-Exempt Well, including any district created pursuant to Article 16, Section 59, Texas Constitution.

2. Findings of Fact. The Board of Directors of the District hereby finds as follows:

- a. All facts recited in the recitals of this Resolution are true and correct.
- b. The District is an Eligible District.
- c. Each of the Projects described in the Notice Letter fulfills a governmental purpose of and benefits the District.
- d. It may be in the best interest of and may benefit the District and its customers to execute a Capital Contribution Contract, make its Capital Contribution, and receive a Capital Contribution Credit.
- e. In the event it is determined to be in the best interest of and a benefit to the District, the District intends to execute a Capital Contribution Contract and make a Capital Contribution, as reflected on **Exhibit "A"** attached hereto.
- f. In its best estimation, the District will be able to make its Capital Contribution by October 1, 2008.

3. Intent Resolution. The Board of Directors hereby resolves that it is the District's intent to become a Participating District by accomplishing the following:

- a. On or before June 30, 2008, deliver to the Authority a certified copy of this Intent Resolution;
- b. On or before July 31, 2008, deliver to the Authority a fully executed Capital Contribution Contract; and
- c. On or before October 1, 2008, deposit with the Authority an amount equal to the Capital Contribution required of the District in the Capital Contribution Contract.

4. Time of Performance. The District acknowledges that in the event it fails to timely deliver this Intent Resolution, the Capital Contribution Contract, or the Capital

Contribution as required by Sections 3(a), 3(b) and 3(c), above, the right of the District to make a Capital Contribution shall cease, any funds not timely deposited shall be returned to the District, and the Authority shall have no obligation to the District with respect to the Capital Contribution or any Capital Contribution Credit. Thereafter, the Authority shall be entitled to issue bonds of the Authority to finance any Project Cost which could have been paid or contributed by the District.

5. Authorization to Investigate Feasibility. The Board hereby authorizes:
- a. the attorney for the District to deliver a certified copy of this Intent Resolution to the Authority before June 30, 2008; and
 - b. the consultants of the District, including, but not limited to, the attorney, financial advisor, bookkeeper, and engineer to investigate the feasibility of making a Capital Contribution, including, but not limited to, an analysis of available cash, authorized but unissued bonds, time for submission and approval of a bond issue and/or a bond anticipation note, timing of payment of the Capital Contribution, and terms of credit for or repayment of the Capital Contribution, and to report back to the Board at the earliest possible time.

6. Resolution not Binding. This Intent Resolution expressly does not require the District to enter into a Capital Contribution Contract or make a Capital Contribution.

APPROVED and ADOPTED this ____ day of _____, 2008.

Re: Notice of Financing as Provided by H.B. 2965 (the "Act"), as amended, by the North Harris County Regional Water Authority (the "Authority"), Proposed Bond Issue No. 3, Series 2008 (the "Bonds")

Dear Board Members:

The Authority is proposing to issue Bonds in the amount of approximately \$261,665,000 in August 2008. Although the Act has been amended to permit, but not require, the Authority to allow certain eligible entities, including utility districts, to participate in the financing by making capital contributions (the "Capital Contributions"), the Authority has elected to continue the practice of permitting Capital Contributions by utility districts with this third bond issue.

Projects Financed. There are several projects (the "Projects") to be financed, the details of most of which may be found in the Authority's adopted 2008-2009 Capital Improvement Plan (the "CIP") available either from my office or on the Authority's website at www.nhcrwa.com. The breakdown between Project Costs and Bond Costs is detailed below:

<u>Item</u>	<u>Project Costs</u>	<u>Bonds</u>
Projects	\$224,500,000	\$224,500,000
Bond Costs and Reserves	<u>N/A</u>	<u>\$ 37,165,000</u>
Total	<u>\$224,500,000</u>	<u>\$261,665,000</u>

The Preliminary Sizing of the Third Bond Issue may be found on **Attachment 1**.

Financing Option. The Act provides that an eligible entity may finance its pro-rata share of a bond issue of the Authority with its own funds by making a Capital Contribution according to the Authority's procedures. A copy of Section 5.05 of the Act is enclosed for your reference (see **Attachment 2**). The Authority has adopted a resolution outlining the procedure and schedule for utility districts to follow in making Capital Contributions (the "Contribution Resolution"), which will be available on the Authority's website.

The portion of the Bonds which has been deemed to be subject to financing by utility districts is the Project Costs only, \$224,500,000, which is the original principal amount of the Bonds, less capitalized interest, less the debt service reserve fund requirement, and less the costs of issuance of the Bonds. Enclosed as **Attachment 3** is a spreadsheet which shows the Capital Contribution for your utility district should you elect to participate. The data used for the calculations in **Attachment 3** is the annual pumpage data for 2007, which is the most recent pumpage data available.

Capital Contribution Contract. A utility district which elects to make a Capital Contribution may use its own cash or proceeds of debt, either notes or bonds, to fund the contribution. In either case, in order to be able to make a Capital Contribution, the following will be required:

1. Deliver to the Authority an Intent Resolution, which states that your utility district intends to participate, and provide the estimated amount of your Capital Contribution, by June 30, 2008;
2. Take any steps necessary to issue your utility district's bonds, if necessary;
3. Return an executed Capital Contribution Contract (the "Contract") to the Authority no later than July 31, 2008; and
4. Deposit your Capital Contribution with the Authority no later than October 1, 2008; however, if your utility district has funds available to make a Capital Contribution, please contact the Authority office for early payment arrangements.

The forms of Intent Resolution and Contract approved by the Authority are a part of the Resolution Making Official Findings Concerning Issuance of Debt and Establishing Procedures for Utility Districts to Make Capital Contributions (Bond Issue No. 3, Series 2008), adopted by the Board of Directors of the Authority on May 5, 2008, and can each be found on the Authority's website.

If an Intent Resolution, a Contract, or a Capital Contribution is not received by the respective due dates reflected above, the Authority will consider that your district has elected to NOT make a Capital Contribution and WILL ISSUE BONDS OF THE AUTHORITY TO FINANCE YOUR PORTION OF THE PROJECT COSTS payable from the annual pumpage fee. The pumpage fee will be calculated annually to reflect budgeted debt service and credits/repayments for contributions from utility districts.

The Authority reserves the right to phase or delay the issuance of all or a portion of the Authority's Bonds depending on market conditions and Capital Contributions received from utility districts.

As usual, please feel free to contact me at any time to discuss your options, and contact Ms. Cyndi Plunkett in my office or go to the Authority's website for a copy of the Intent Resolution and Contract. Ms. Robin S. Bobbitt, the Authority's General Counsel, is available to

address any legal issues you or your legal counsel may have. She can be reached by telephone at 713/237-1221. If your consulting engineer has questions, please call Mr. Tom Rolen, our Program Manager, at 713/267-3181. I look forward to working with you toward a successful financing.

Sincerely,

Jimmie Schindewolf, P.E.
General Manager

Attachment 2

SECTION 5.05 OF H.B. 2965, AS AMENDED

SECTION 5.05. FUNDING BY OTHER POLITICAL SUBDIVISIONS.

(a) The authority may develop a procedure for cooperatively funding a project of the authority with money from other political subdivisions inside the authority's boundaries, and may develop a procedure for cooperatively funding a project of the authority with money from political subdivisions located in whole or in part outside the authority's boundaries, water supply corporations, or other private entities, if the authority project fulfills a governmental purpose of both the authority and other political subdivisions, or fulfills a governmental purpose of the authority that the authority determines would be furthered by cooperative funding from a private entity.

(b) **[Repealed]**

(c) A political subdivision may enter into a contract with the authority for the political subdivision to finance a portion of the proposed project with the political subdivision's resources instead of using only the proceeds from bonds of the authority for that purpose. The contract must be executed before the authority issues the bonds. As provided in the contract, the authority may:

(1) reduce the value of the bond issuance to the degree that the political subdivision provides project funding; and

(2) credit the political subdivision for its contribution to the project financing and adjust the allocation of revenue pledged to the payment of the bonds so that the authority avoids using, to a degree reasonably commensurate with the contribution, revenue from the political subdivision to service the authority's bond debt or interest.
